- » Settlement system within the Bootwash Pro's for ease of cleaning and removing waste.
- » All Boot washes are easily linkable with a single piece of pipe.
- » Made out of lightweight but durable material so no machines necessary as they are movable by hand.

Cross Plant Bootwash Pro's are great for those dirty sites where mud and muck can become a problem. Our bootwash solutions are a great way to keep those muddy boots from messing up your site cabin, vehicles or plant equipment.

Whether you need a single person bootwash station or a bootwash for hundreds of people, our units are simple to install, maintain and are cost effective.

The heavy duty brush, hose and nozzle blast away even the heaviest of mud. All our bootwash systems are available for hire and sale.

We deliver next day through our nationwide delivery service - Guaranteed!
