

900L Static Fuel Cube

The smallest of the steel-built fuel storage tanks, the 900Litre cube has been designed for temporary, short-term use. The 900L fuel cube gives you the ability to transport and hold 900L of fuel without the need for an ADR trained operative or driver. All fuel cubes can be supplied with a manual pump, a 12/24v pump and a fully self-contained solar set up including the 12/24v pump, solar panel, and battery.

Capacity (Ltrs):	900	Length (mm):	1020
Height (mm):	1280	Empty (KGs):	411
Width (mm):	1210	Full Weight (KGs):	1211
